

Healey International Relief Foundation News: January 2015

January 21, 2014   

HIRF Reveals Video "About Us"

Have you ever asked "what happens afterwards?" In January 2015, HIRF revealed a 2-minute video about our Foundation and our work in Sierra Leone. Watch the video and subscribe to our [YouTube](#) channel!

HIRF - About Us

Container Shipped in October 2014 arrives in Sierra Leone

In October 2014, Healey International Relief Foundation shipped a container with medical equipment, personal protective equipment and food. This container arrived in Sierra Leone and was cleared this January 2015. Currently, donations are being distributed among our projects including our Healey Ebola Lifesaver Project (H.E.L.P.). The following items were sent to the Community Ebola Care Center in Kwama, Sierra Leone: hospital mattresses, disposable face masks, head covers, disposable shoe covers, and 40 boxes of high protein beans.

HIRF received a large donation of toys from Hasbro

Hasbro, an American multinational toy and board game company, donated 742 boxes containing 3,500 toys to children in need in Sierra Leone. This is the first donation we received for free via Good360, a charitable organization which helps companies donate excess merchandise to charities instead of destroying it. These toys along with other donations will soon be shipped in the first container of 2015.

In addition, we sincerely thank everyone who purchased items from our Amazon wish lists. To date, we received 63 items from our **Ebola Amazon wish list** and 112 items from our **St. Mary's Amazon wish list**.
