

Healey International Relief Foundation News: May 2015

HIRF Introduces New Video "Ebola Response"

Click below to watch our new 2-minute video about Healey International Relief Foundation's Ebola Response in Sierra Leone, West Africa. Since the beginning of the Ebola virus outbreak, Sierra Leone has contracted more than 11,000 cases of Ebola with over 3,000 people dying. HIRF President Robert T. Healey, Jr., narrates: "As of recent, there was a widespread panic surrounding the appearance of the Ebola virus. Few understand this ferocious disease. While most of the world seems to be turning its head and looking towards the home front, we are looking onward to the people experiencing it first hand."

HIRF - Ebola Response

HIRF Team Meets with Sisters of St. Francis of Philadelphia

On May 4, 2015, HIRF Executive Director Ben Parra, HIRF In-Country Manager Ishmeal Alfred Charles, and Executive Director at Caritas Freetown and HIRF Advisory Board Member Rev. Fr. Peter Konteh met with Sisters of St. Francis of Philadelphia. Pictured here are Sr. Nora. M. Nash, OSF, Social Justice Fund Director, and Sr. Albertus Dougherty,

Sec., Sponsorship & Corporate Social Responsibility. We want to thank them for their support of the Healey Ebola Lifesaver Project (H.E.L.P.) and Ebola orphans!

HIRF Project in Sierra Leone: Orphan and Vulnerable Children

The Healey International Relief Foundation (HIRF) has long-been supporting orphans and vulnerable children affected by the decade long civil war in Sierra Leone, and most recently touched by Ebola. Currently, there are more than 12,000 Ebola orphans in Sierra Leone and HIRF has been concentrating its efforts to aid Ebola orphans in Newton, River #2 and Allen Town areas.
