Healey International Relief Foundation News: January 2016

Report From Sierra Leone

We visited Sierra Leone during December -- the festive season --and this year there was more to celebrate as Sierra Leone remains Ebola free.

Healey IRF team visits Sierra Leone

The Healey IRF team -- Ben Parra -- Executive Director, Megan Smith -- Program Director and Vicki Middleton -- Government Relations -- visited Sierra Leone in December to access projects and establish program goals for 2016. In addition to continuing to support Serabu Hospital in the Southern Province, Healey IRF is expanding hospital support operations to facilities in the Eastern and Northern Province. Clinic facilities are also being added in the Western Area as well as a clinic in the Southern Province. In partnership with Caritas-Freetown, mobile clinic operations have begun to serve those in need.

Support Healey IRF Efforts in the New Year!

We hope one of your New Year's Resolutions will be to support our efforts to improve the lives of those in need in Sierra Leone. Your help will allow us to continue to provide medical care, improve healthcare facilities and help vulnerable communities become more self sufficient.
